Skills

- **Technical:** Next.js, React.js, Node.js, Java, JavaScript, Python, Tailwind CSS, Redux Toolkit, MongoDB, Zustand, Git
- **Data Management:** SQL, structured data organization, MS Excel
- **Administrative Tools:** Microsoft Office Suite

Work Experience

Web Developer Intern, Oneskai

Feb 2025 - Present

Developed a Professional Certifications Website | [Link](#)

- Designed and built a multi-page website using **React**, **Tailwind CSS**, and **React Router** for professional certification courses
- Implemented **dynamic components** like Navbar, Course Details, Event Pages, and Testimonials with features such as dropdown menus and responsive design
- Enhanced **SEO** and user experience by integrating react-helmet-async for **dynamic metadata**, **sitemap.xml** for better searchability and **indexing**
- **Optimized** pages for better **LCP** scores and **lesser load times**, as well as ensured smooth navigation and interactivity with state management and routing

Projects

Employee Task Management System

- Designed a web-based platform using **React.js**, **Tailwind CSS**, and **Context API** to track and manage tasks efficiently
- Created distinct dashboards for task assignment, acceptance, and completion, mirroring HR management processes
- Emphasized data accuracy and accountability through system features for tracking and performance monitoring

To-do App

- Developed a user-friendly app to organize and track tasks using **React.js** and **Tailwind CSS**
- Ensured persistent data management across user sessions, demonstrating process efficiency and attention to detail

Blog-App

- Implemented secure data storage and user authentication for a blogging platform using **MERN** stack
- Implemented features for user registration, login, blog creation, and editing
- Secured data with encrypted passwords and **MongoDB** for storing blogs and user info

Education

Maulana Abul Kalam Azad University of Technology, West Bengal

Kolkata, India

June 2023

Bachelor of Computer Applications

Leadership

Organized Online Chess Tournament

Self-Organized | 2021

- Managed the registration, communication, and schedules for 60 participants, including a FIDE Master, demonstrating strong coordination and organizational abilities
- Streamlined workflows to ensure seamless operations across multiple stages of the tournament

Co-Curricular Achievements

Table Tennis West Bengal State Champion (2016) and Nationals Qualifier (2017)
